

To our valued customers,

In the wake of the Coronavirus outbreak, the worldwide demand for face masks is increasing rapidly. This increase in demand is testing the limits of capacity with our manufacturing partners. We are working hard to ensure a continuous supply of masks for our customers to support daily operations.

To maintain the continuity of supply, we have ceased the sale of face masks to all non-Darby customers at this time. We have also temporarily suspended all special pricing, discounts, buy/get offers and bulk orders to ensure that these promotions do not compromise inventory for our loyal customers.

We have recently received a number of price increases from our manufacturers in response to the sharp rise in demand. As a result, we have had to pass along these increases on affected masks until the market stabilizes.

We are carefully monitoring inventory and will reinstate promotional pricing and regular operations as soon as it is appropriate to do so. If you have any questions or concerns, please contact your Darby Account Manager.

We appreciate your continued support and cooperation at this time.
