

Silky, Smooth Spray vs. Sticky, Gooney Gel

With VioNexus No-Rinse Spray, hand hygiene compliance is no longer a sticky situation.

VioNexus™ No-Rinse Spray Antiseptic Handwash provides protection against bacteria and makes compliance with the CDC's hand hygiene guidelines easy for healthcare professionals on the go. It is ethanol-based and contains benzalkonium chloride for additional residual kill, plus added emollients to keep your skin moisturized. Protect yourself, your patients and your hands.

VioNexus No-Rinse Spray can be applied using the "No-Touch" Dispenser. An infrared eye detects your hands and activates the dispenser to spray the antiseptic handwash.

VioNexus No-Rinse Spray

- ✓ Leaves Hands Silky, Smooth
- ✓ No-Touch Reduces Cross Contamination
- ✓ Fortified With Emollients to Soften Skin
- ✓ Quick Drying Means Faster Gloving
- ✓ Reduces Costs - No Soap or Paper Towels
- ✓ Powerful Alcohol/Antimicrobial Formula

Compliance is smooth as silk with VioNexus.

The CDC estimates that nearly 2 million patients in the United States contract a hospital-related infection each year. About 90,000 of these patients die as a result of their infections.* To prevent infections, CDC guidelines recommend the use of alcohol-based hand sanitizers for routine antisepsis. Using an alcohol-based hand sanitizer takes one fourth of the time of standard handwashing and provides better antimicrobial effect than washing with an antimicrobial soap. The CDC recommends products like VioNexus No-Rinse Spray that contain emollients to reduce skin irritation and drying. Unlike those sticky, gooey gels, VioNexus sprays on lightly and dries quickly for faster gloving. Alcohol-based VioNexus No-Rinse Spray from Metrex encourages proper hand hygiene practice by making it convenient, efficient, and comfortable.

VioNexus No-Rinse Spray

An alcohol-based hand sanitizer for protection against bacteria when hands are not visibly soiled or contaminated.

- Meets CDC Guideline for Hand Hygiene in Healthcare Settings
- Kills germs and cleans skin without running water
- Both 65.87% ethanol and 0.10% benzalkonium chloride provide long-lasting protection against bacteria that can cause disease
- Emollients help prevent dry, irritated skin and leave hands feeling soft
- No water or towels are needed, eliminating cross contamination
- Fast drying for quicker donning of gloves

Part No.	Product Description
9524608 (10-1800)	VioNexus No-Rinse Spray 1 liter

VioNexus No-Touch Dispenser and Accessories

No-Touch Dispenser eliminates cross contamination.

- Provides a premeasured application, which minimizes waste and saves money
- Infrared sensor detects hands beneath dispenser

Part No.	Product Description	Packaging
9524606 (10-1810)	No-Touch Dispenser	each
10-1811*	Replacement Pump	each
9524612 (10-1820)	Tray	each
10-1812*	Replacement Key	each

Choose between a Manual Dispenser or a sensor-activated No-Touch Dispenser.

VioNexus Manual Dispenser and Accessory

Manual dispenser.

- Easy to use and economical
